

## Accessories archive shelving

### Short description:

Ideal for those who wish to personalize their storage space. Proclass accessories can be used with all versions.

### Description:

**Wire divider** made of 5mm galvanised wire, slides under the shelf.

**Mobile divider** made of sheet metal, adapts to the shelf and slides the entire length

**Book end** made of 5 mm wire, slides in a metal holder over the entire length of the shelf

**Kick board** made of sheet metal, adapts to the perforations in the uprights under the shelf base.

**Consultation shelf** telescopic made of sheet metal with an epoxy finish, fits beneath shelves.

**Telescopic frame for hanging files** in widths of 1200 or 1000 mm, depth 362 mm. The frame may be supplied with a direction changing U made of sheet metal, that allows the direction of the hanging files in a frame to be inverted or mixed.

**Folding door** with 2 point lock

**Lift-up shelf** made of sheet metal width 350 or 700 mm **90° signage plate** for identification of units on the sides or uprights.

**Triangular signage plate** for identifying groups, to be placed on the ends of units
