

Grit spreader

Short description:

PROVOST is offering this grit spreader to ensure the safety of your staff and customers. This salt and sand spreader is perfect for car parks, roads and pavements. It is very easy to use. The spreader scatters salt or sand with ease and with better results than spreading salt and sand manually using a scoop.

- Capacity, 20 litres.
- Spreading width up to 4 metres.
- Composite frame Pneumatic wheels with snow tyres
- Adjustable and precise output control via a lever.
- Stainless steel handles, adjustable position.
- Polyethylene hopper with anti-corrosion protective grill.
- Retractable stand.
- Height-adjustable spreading restrictor.
- Dry salt use
- Delivered pre-assembled.
- Weight: 9 kg
