

Magnetic pocket with neodymium magnet

Short description:

Magnetic pockets with two strong, heat-sealed neodymium magnets. These pockets attach easily to all metal surfaces such as shelving, cupboards, warehouse racks or wire containers.

- Suitable for use outside thanks to the flap which protects documentation.
- Polypropylene window which is ultra-resistant to tearing and allows labels to be scanned (not included).
- Pack of 10.
- Available in A4 portrait, A4 landscape, A5 landscape.format
