

Multiple lockers 2 compartments width 300

Short description:

Lockers offered in single-piece version (supplied assembled on pallet) or in kit form (supplied in box).

Paint EPOXY non-marking granular matt aspect.

 Locker in steel sheet metal 7/10 thick.
 Locker closure with hasp for padlock inset in ABS casing. The casing avoids the door face being scratched by the padlock - padlock optional.
 Doors open 180° thanks to patented external hinges. The doors cannot be removed even in the open position.
 Doors with noise-reducing rubber pads.
 A sheet metal omega profile reinforces the door over its height - anti-intrusion.
 Adhesive label holder included.
 Perforations on the door faces and at the back of units.
 For units with 2 compartments per column: clothes hanger rail + hook below shelf.

Description:

Interior shelves painted grey RAL 7035.

Standard colour: doors blue 5005

3 other door colours on request: grey RAL 7035 / red RAL 3003 / dark grey RAL 7016

Base H. 150 mm optional with adjustment cylinders in PE.
