

Multiple lockers 4 compartments width 400

Short description:

Lockers delivered as single-piece units or in kits

- Unit in 7/10 thick steel sheet.
- Closure using a hasp for padlock inset in ABS casing.
- The casing avoids the padlock scratching the door face - padlock optional.
- Doors open to thanks to patented external hinges. Cannot be removed even in the open position.
- Doors with noise-reducing rubber pads.
- A sheet metal omega profile reinforces the door over its height - anti-intrusion.
- Adhesive label holder included. Interior shelves painted grey RAL 7035.
- Perforations on door faces and back of units.
- For units with 2 compartments per column: clothes hanger rod + hook below shelf.
- Base H. 150 mm optional with adjusting cylinders in PE

Description:

Standard doors blue 5005, 3 other door colours on request:
grey RAL 7035 / red RAL 3003 / dark grey RAL 7016
