

Protub archiving depth 700 mm

Short description:

Due to its concept, Protub **metal shelving** is ideal for storing boxes and archive boxes. Its stability and strength are only equalled by its ease of installation.

The **tubular shelving**, on a Protub base, connects together to form a high security unit. Steel connecting rods are placed inside the uprights to make any disconnection from the shelves impossible.

Description:

- Height 2070 mm.
- First level at 32.5 mm from the floor.
- 7 storage levels.
- Depth 700 mm double sided for aisles.
- Uprights made of 25 mm square steel tubes and shelves of 20 mm square steel tubes.
- Finish blue, epoxy paint RAL 5019.
- High capacity, compact storage.
- 2 solutions: plain slatted shelves or with wooden covering.
