

Cabinet with drawers and casters 36 x 27 Eh

Short description:

Rolling trolley in heavy steel sheet. Welded single piece construction. • With 5 single extension drawers (heights 50 to 200 mm). Load: 70 Kg/ drawer.

- Depth 572 mm. Width 717 mm.
- Total height: 914 mm. Useful height body: 600 mm.
- 2 fixed wheels + 2 pivoting wheels with brakes. Wheel diam 150 mm with rubber tyre. Maximum load: 400 kg

Individual locking system for drawers.

Device in handle allows drawer opening to be blocked and released.

- Security latch on rolling trolley drawers.
- Avoids drawers opening due to inertia when moving cabinets.
- A simple thumb movement on the latch frees the drawer.
